A technical line drawing of a mechanical assembly. The main drawing shows a long, rectangular component with a sloped top surface. A vertical arrow points down to a specific location on the top surface. A circular inset on the right provides a magnified view of a bolt and nut connection. The bolt is passing through a hole in the component, and the nut is being tightened against a flange. The drawing is a black and white line art, typical of technical manuals.

A diagram illustrating the disassembly of a cylindrical component labeled 'H' into two rectangular components labeled 'J'. Component 'H' is shown on the left, with a curved arrow indicating it is to be split lengthwise. Two arrows point from 'H' to two separate rectangular components labeled 'J' on the right. Each component 'J' has two small circles on its surface.
