DK Bemærk venligst at disse bordben ikke er forsynet med filtpuder el. lignende til beskyttelse af gulv!

Vi anbefaler at du anskaffer sådanne filtpuder el. lignende, for at undgå at benene forårsager ridser eller trykmærker på gulvet.

I tilfælde af at dit gulv måtte lide skade, kan leverandøren ikke holdes ansvarlig.

GB Please notice that these legs has no foot caps or felt pads to protect the floor!

We strongly recommend that you purchase such products to avoid scratches/pressure marks on the floors.

In case of damage to your floor, the supplier of this product cannot be hold responsible.

NB: Bemærk venligst at tegningerne af dette bord, blot viser én størrelse, og at placeringen af benene vil variere på de forskellige bordstørrelser. Hvis dit bord har 2 muligheder for ben-plasering, og du ønsker at skifte benposition, skal du skrue de bolte af, der forbinder benblokken til bordpladen. OBS – sørg for, at bordpladen ligger på en flad, lige overflade, før du skruer træpladen af.

NB: Please note that the drawings of this table only show one size and that the placement of the legs will vary on the different table sizes. If your table has 2 options for leg positioning, and you prepare to change leg position, you should unscrew the bolts joining the leg block to the table top. Attention – make sure the table top are on flat straight surface, before unscrewing the wooden plate.

SUSTAINABLE CHOICE

This table is made of
FSC® 100% certified
wood.

Step 1

DK Placer bordpladen med undersiden opad, på et jævnt og rent underlag (et tæppe el. lignende). Monter nu alle #A på de viste positioner.

GB Place the tabletop upside down on a smooth and clean surface (fx a blanket). Now mount all #A in the positions shown.

This table is made of
FSC® 100% certified
wood.

Step 2

DK Forbered benet ved dreje #A således at hullet i #A er ud for hullet i benet. Indsæt #B i hullet drejet mod #A, og med gevindstykket udad.

GB Prepare the leg by turning #A so that the hole in #A is next to the hole in the leg. Insert #B with the hole turned towards #A, and with the threaded piece outwards.

This table is made of
FSC® 100% certified
wood.

Step 3

DK Nu placeres benet så hullerne i benet monteres ned over #A.

GB Now place the leg so that the holes in the leg are fitted over #A.

wood.

Step 4

DK Når de to trædele er skubbet sammen, indsættes #C i #B (der allerede er monteret i step 1) - og strammes ved brug af skruenøglen.

GB When the two wooden parts are pushed together, insert #C in #B (already inserted in step 1) - and tighten using the allen key.

SUSTAINABLE CHOICE

This table is made of FSC® 100% certified wood.

Step 5

DK Monter nu sargstykkerne ved hjælp af skruenøglen samt alle #D. Sargstykkerne skal monteres således, at den afrundede kantprofil vender udad. Vær 2 om forsigtigt at vende bordet om.

Vi anbefaler at du efterbehandler borpladen med et plejeprodukt inden brug!

GB Now mount the plint using the allen key and all #D. The plint should be mounted so that the rounded edge profile faces outward. Ask a friend to help you turn the table around.

We recommend that you treat your new table with a wood care product before you start using it!

DK Har du købt en tillægsplade til dit bord, monteres denne med fingerskruer der drejes ved håndkraft.

GB If you have bought a leaf for the table, you can attach this by turning the thumbscrews by hand.
